Mrs. Gregg has done much toward making the stay of visitors at the crater comfortable and agreeable, and the hotel loses a valuable assistant in her departure.

## Springer—Williams.

With only the immediate family and friends of the bride present, Malcom M. Springer, Official stenographer of the Circuit Court at Hilo, and Miss Hannah Williams, daughter of Mr. and Mrs. John Williams, were married Friday evening at Kohala. The wedding took place at the Kohala parsonage, Rev. R. A. Buchanan performing the ceremony. Later in the evening a supper was served at the home of the bride's parents and the couple are now spending their honeymoon at the Williams' beach residence at Kohala. Mr. and Mrs. Springer will return to Hilo tomorrow evening and occupy the Hitchcock cottage on School street.

## A Double Farewell.

The farewell meeting of Captain Barker and Lieut. Jensen, the present officers of the Salvation army, will take place Sunday, November 12th. Their successors, Ensign Lewis and Lieut. Johnson, will arrive in Hilo about a week after this farewell meeting.

## A Word to Travelers.

The excitement incident to traveling and change of food and water often brings on diarrhoea, and for this reason no one should leave home without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Hilo Drug Co.

## Russians Raise Tobacco.

Mrs. N. Russel, who returned to her home at Mountain View this morning, brought to the TRIBUNE office two handsome bunches of Sumatra tobacco grown by Galicians at the Russian settlement near Glenwood, Olaa. The leaves are of good length and measure eight inches across. The tobacco is smooth, free from blemish and a beautiful golden brown color, especially adapted for wrappers.

No especial protection of cloth or other device was used to mature the tobacco, and Mrs. Russel declares that the home-steaders at this locality are anxious to engage in its cultivation on a larger scale. There is a rumor abroad among the settlers that the government proposes to eject them from their holdings for non-payment of rent and give the lands to others free of charge. After spending so much pains and trouble in clearing and planting the land, there is a general feeling of dissatisfaction growing among these sturdy people.

## Miss Potter's Music Talks.

In response to the request of several of her friends, Miss Potter will give another series of talks on music during the coming months on the subject of Richard Wagner and his operas.

## CUT OUT LAUPAHOEHOE.

Tourists Objection to Travel by Kinau.

"The question of a new and larger boat for the Honolulu-Hilo run has never come up before the directors," said President Kennedy of the Inter-Island Steam Navigation Company, recently to an Advertiser reporter. "Such an idea has only been a thought in my mind, that's all. I have thought Kauai needed a larger boat, and the only way to get it would be to put the Kinau on the Kauai run and get a bigger boat with more passenger accommodations for the Hilo run."

There is some talk of cutting out Laupahoehoe from the run taken by the Kinau. Passengers seldom embark or disembark there, but it's in the mail contract for the Kinau to stop there regularly. Laupahoehoe is a sore spot with passengers going to and coming from Hilo. The Kinau rolls and pitches at the anchorage to an extent which gives the people mal de mer. If Laupahoehoe were omitted, the trip to Hilo would be mostly a pleasure throughout.

The new Hilo vessel will be larger, faster and be able to accommodate many more passengers than the Kinau.

While the plans and specifications have not yet been prepared, the building of a new boat is seriously contemplated and the matter will be material for consideration at the next meeting of the directors of the company. It is planned, with the new boat, to leave Honolulu at noon or 1 o'clock every Tuesday and reach Hilo before 7 o'clock on the following morning.

## CLIMATE AND VOLCANO.

Chief Attractions for Tourists to Hawaii.

"I had a delightful trip to the Volcano," said H. P. Wood, secretary of the Hawaii Promotion Committee, on his return to Honolulu.

"The Volcano House is splendidly kept, the rooms are clean and the table is excellent. Lycargus raises all his own vegetables and he supplies them in great quantities to the table. It is an attractive place, and the whole trip is one that no one should miss. It is the greatest attraction that Hawaii has to offer to the tourist."

"Hilo is an attractive little town, and much improved since I was there last. The most beautiful thing there is the 'Rainbow Falls.' I understand that the citizens are arranging to have the falls and adjacent land set apart as a public park, which is an excellent plan. "I realize more than ever before how attractive the Islands are to tourists. California has a delightful climate, but it is no such climate as Hawaii possesses. The mornings and evenings in Hawaii are delightful and there is no comparison with other places."

"I believe that the climate conditions of these islands will result in a largely increased travel this way."

## KILLED BY FALLING BOX.

Fatal Accident at Scene of Dedication of Japanese Temple.

At the dedication of the Japanese temple on Volcano road Sunday morning a distressing accident occurred which was kept very quiet and did not appear to mar the celebration in any way. A small Japanese girl, daughter of Fujima and aged 11 years was struck by a box dropped from one of the platforms surrounding the temple. She was immediately taken to the hospital and died Sunday night from concussion of the brain. The individual who caused the accident, a Japanese by the name of Kuwamoto, was placed under arrest and is held pending an investigation of the coronor's jury. He was under the influence of liquor at the time.

The celebration was one of the most brilliant and gorgeous ceremonies ever witnessed in Hilo. A parade of two hundred small children in gaily bedecked Japanese costume through the principal streets of the town preceded the literary and musical exercises which took place at the temple. Geisha dances, songs and dramatics were a part of the program which drew hundreds of followers of the Buddhist faith as well as many strangers, attracted by the beauty of the scene.

## FAVORITE SELECTIONS.

Members of Piano Club Render Music They Prefer.

At the November meeting of the Piano Club held last Wednesday afternoon at the home of Mrs. G. H. Gere, each member was supposed to play the selection of which she was most fond, with the idea that what we love best we do best. The program as rendered was as follows:

- Schubert Valse.....Arranged by Liszt Miss Sarah Lyman.
- Canon.....Grieg Fragment.....Chopin Mrs. T. A. Dranga.
- Gypsy Rouds from Trio No. 5.....Jos. Haydn Mrs. L. Turner.
- Reading.....A Famous Chorister Mrs. L. Severance.
- Violin Solo—"Maiden's Song".....Ovide Musin Mrs. R. T. Moses.
- C No. minor Sonata.....Beethoven Miss Potter.
- A Musical Story told by Mrs. Geo. W. Townsend.
- Nocturne F No.....Chopin Persian Song.....Burmester Albumblatt.....Gruetzmacher Mrs. J. T. Lewis.

## LADIES' SOCIAL.

Pythian Knights Gave Pleasing Entertainment.

Spreckels' Hall was crowded Friday night with a large gathering of members, wives, sweethearts and friends of Hilo Lodge No. 7, Knight of Pythias, to enjoy the ladies' social given by that popular organization.

The hall was tastefully decorated with palms and evergreens and during the first part of the evening an excellent program of music and literary exercises was rendered, after which the hall was given up to dancing. W. S. Wise delivered an illustrated lecture on the history and principles of the Pythian order and the strong ties of friendship and fraternalism which unite its members. Miss Amy Williams and Rosie Helbush rendered a piano duet in a pleasing manner and Mrs. J. T. Lewis gave an instrumental solo which was well received. The bagpipes were played by Mr. Robert Forbes, and the Kamehameha Quartette and Hoolulu Club sang several selections which earned repeated encores. At different times during the evening pictures of famous scenes of the world were thrown upon a screen, the stereopticon being operated by J. McNichols. The committee on arrangements consisted of L. Helbush, chairman, L. A. Andrews, N. C. Willfong, Carl Wichert and John Deter.

The history of the order as sketched by Mr. Wise was, in part, as follows:

"The order of Knights of Pythias was founded by the organization of Washington Lodge No. 1, in the City of Washington, D. C., on February 19, 1863.

"The founder, Justus H. Rathbone, was born in October, 1839, and died in December, 1889, being buried in Forest Hill Cemetery at Utica, N. Y. His resting place is marked by a monument erected to his memory by the order which he founded.

"The name of the order was suggested to the founder while attending a theater at which the play "Damon and Pythias" was being produced, and like most secret societies, its objects are for mutual benefit and protection of its members—its chief teaching being that of friendship.

"The organization owns and maintains at Springfield, Ohio, a Pythian Orphan's Asylum, the value of which is about \$350,000 and it annually cares for 250 to 300 orphans of deceased members. The order is fourth in numerical strength in the U. S., its membership being upwards of 500,000.

"Hilo Lodge No. 7 was instituted January 19, 1899, through the efforts of P. C. Fred Waldron, who at that time was manager of the Volcano House. The order has ever since been and now is, in a flourishing condition and have very desirable lodge rooms, occupying the entire third floor of the Baldwin Building."

## A Pure Beverage.

The U. S. Government and manufacturers of pure foods and pure beverages are spending a great deal of work, time and money, to show the consuming public the benefit of purity in the above goods.

It is well for the consumers to know just what brands are pure. The best evidence that can be obtained at this writing, is the sworn affidavit of chemists of long experience and reputation.

The Rainier Bottling Works publishes in this issue the sworn affidavit of Edmond O'Neill, Associate Professor of Chemistry in the University of California, as to his strict analysis of Rainier Beer.

## Tenders Wanted.
